TEEN CHALLENGE HOSPITALITY HAIRDRESSING SAFETY 101

Safety 101

Sprains, strains, loss of fingers, toes, arms and legs, burns, cuts, broken bones, and injuries from chemicals or biological hazards can happen in any workplace.

New workers are more likely to be hurt or injured in the workplace than older, more experienced workers.

Find out what you can do to help prevent these injuries.

This program is much more picture based and is targeted at students with English as a second language and/or learning difficulties.

Toxic Workplace

Our mission is to foster diversity and inclusion through education. We make it easy and affordable to provide DEI training to individuals, small groups, and large workforces.

Online Training Programs

Diversity And Inclusion In The Workplace US

Diversity encompasses all of the ways that we are different from each other, including factors like ethnicity, culture, religion, age, gender, sexual orientation, and sexual identity. This course educates participants about acceptable and unacceptable workplace attitudes and behaviours, including discrimination, harassment, and bullying. Identifies appropriate ways to respond, and provides practical strategies to support an inclusive workplace environment where everyone feels safe and respected.

Diversity and Inclusion Training for Volunteers (US)

Volunteers are the public face of community events, non-profit organizations, and the corporate sponsors that support those events and organizations. Volunteer workforces should be diverse and inclusive, and every volunteer should feel safe, respected, and appreciated at all times. This course educates volunteer workers about acceptable and unacceptable behaviours, how to respond in a situation involving discrimination, harassment, or disrespect, and their role in supporting a productive, respectful volunteer environment.

[REGISTER](#)

The Respectful Athlete US

Young athletes publicly represent their sports, sport organizations, schools, and communities. It is very important for them to treat other players, coaches, officials, and spectators with respect and behave appropriately at all times. This course educates participants about acceptable and unacceptable attitudes and behaviours, including information about discrimination, harassment, and bullying, appropriate response, and ways to support an inclusive, respectful environment in which every player feels safe and can contribute fully and productively to the team.

COMING SOON

LGBT+ Diversity Training

Every employee has the right to feel safe and respected in the workplace. This course educates participants about the LGBT+ community, the challenges faced by LGBT+ individuals in the workplace, and practical things employers and employees can do to create supportive, inclusive environments where LGBT+ coworkers are accepted and appreciated as individuals, and are able to participate fully and productively in the workplace.

- Business Stakeholders

- Human Resources

- Introduction
 - “Bring ‘em Back Alive” is an EGSA program sponsored by your Dealer/Distributor Committee
 - Goal is to develop a generic technician safety program that you can adapt to your company/business
 - The program is to be a dynamic, scalable program that, once you implement it, is intended to help mitigate the risks that our technicians are exposed to in the execution of their duties
 - This session, Fall 2022 Conference, is intended as a working session to gather information and ideas that need to be incorporated into such a program

Technician Safety - “Bring ‘em Back Alive”

- Technician safety in your dealership/distributorship
 - Where is the risk?
 - In the shop (or office)
 - Getting to the job site
 - On the job site
 - Getting back from the job site

Technician Safety - “Bring ‘em Back Alive”

- What activities present the risk? Here are a few. Please help us flesh out this list:
 - Driving
 - Towing
 - Lifting/loading
 - PM Service Operations
 - Load Banking Operations
 - Exposure to the Elements - Heat, Cold
 - Working at Heights
 - Electrical Exposure
 - Mechanical Exposure
 - Forklift Operations
 - Fuel and POL Products Handling
 -and MUCH MORE

Technician Safety - “Bring ‘em Back Alive”

- How do we mitigate or eliminate the risks? Please help us flesh out this list:
 - Awareness
 - Training, experience and practice
 - Certification
 - Proper equipment and tools
 - Management encouragement and enforcement
 - Insurance company recognition
 -and MUCH MORE

Technician Safety - “Bring ‘em Back Alive”

- Your HOMEWORK assignment:
 - Volunteer to participate with us on the D/D Committee and help develop this program
 - Share your ideas and input for the success of this program. Help us flesh out the content
 - Send your ideas, input and feedback to me, Ken Cockerham, kcockerham@fpcnash.com

THANK YOU
