

HOW TO REGISTER FOR THE ESGA BASIC SCHOOL

Oct 10-14, 2022 Las Vegas, NV

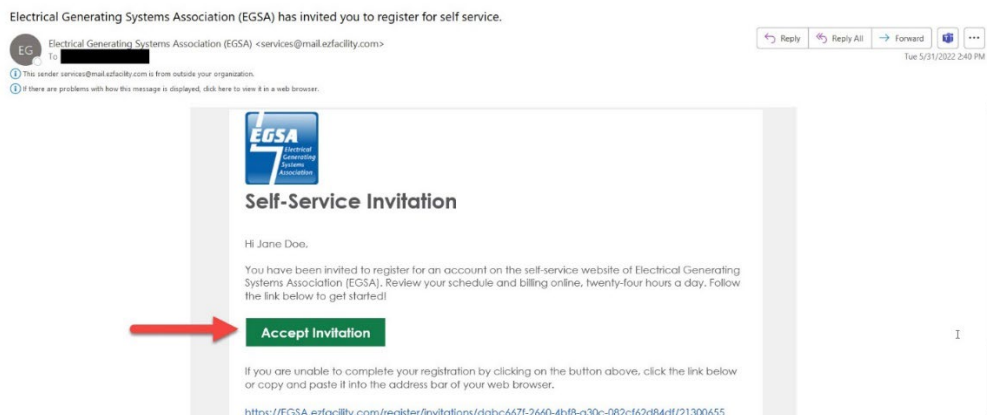

LOGIN / PRE-REGISTRATION REQUIREMENTS

If you already have a username/password for the NEW registration/membership management solution – [Click here to register!](#)

If you are in the ESGA system and don't have a username and password for the new registration/membership management solution, on June 6th, you should have received a "Self-Service Invitation" (see example below).

If you did not accept this invite and plan on registering for the conference, please do so prior to registering as accepting the invite will allow you to create a username/password to receive member-based pricing.

If you need this invite re-sent, please let us know.

If you are an ACTIVE member and have NOT created your username and password via the Self-Service Invitation, please let us know BEFORE registering.

If you are a non-member or your membership is expired and you have not created your username and password, before registering, [click here to create your account](#) –

Creating an account is a 2-step process. First, you'll enter your Name, Email, Username and Password and then prove you are NOT a robot and select Create Account –

A screenshot of a web form for creating an account. The form has several input fields: 'First Name' with 'Jane', 'Last Name' with 'Doe', 'Email' with 'Jdoe@egsa.com', 'Username' with 'JDoeEGSA1234', 'Password' (masked with dots), and 'Confirm Password' (masked with dots). Below the fields is a reCAPTCHA checkbox labeled 'I'm not a robot' with a green checkmark. To the right of the checkbox is a reCAPTCHA logo and the text 'reCAPTCHA Privacy - Terms'. At the bottom left is a 'CANCEL' button, and at the bottom right is a '+ CREATE ACCOUNT' button. A red arrow points down to the 'CREATE ACCOUNT' button.

Note – Usernames, like emails, need to be unique. If you receive a notification that the username is taken, someone, somewhere, already has that username so you'll need to enter an alternative one (and you can use your email as your username).

Then, you'll receive an email notification allowing you to verify the account and complete set up
