The EGSA Apprentice Certification was created as an entry level certification for candidates interested in employment in the power generation field. This certification will demonstrate their basic knowledge and commitment to perspective future employers. It is also intended to measure outcome assessment for students currently serving in the military or attending community colleges, universities, or technical schools with a power generation curriculum. Certified technicians can proudly display their "EGSA Certified Electrical Generator Systems Apprentice Technician" certification.

6% sales tax applies to sales of Study Guides to Michigan Residents ONLY. If your Michigan company is tax exempt, please fax a copy of your tax exempt status or include a copy with this order form when ordering by mail. EGSA Logo Items can only be ordered by EGSA Certified Technicians. Please enter your EGSA certification number below so that we may process your order.
